The move: the chorus climbs 1, 2, 3, 4. Each chord is the next note of the scale with a chord built on it. Play the scale in the left hand and the chords come with it. The bridge walks the same chords back down.

Chords read off the recording's bass line and checked against the keyboard and horns. Verse 2 also slips in Bbm7 Eb7 Abmaj7 (the 2-5-1 to the 4) at about 1:41. Play along with the No Keys practice mix. · gospelpianopath.com
